## The Mission

*To provide an outstanding canine training and behavior service for our clients, while enabling them to learn, exchange ideas and socialize their dogs.*

*To cultivate a cooperative relationship with veterinarians, behaviorists, and other animal professionals, with the best interest of our clients in mind.*

*To obtain, use and teach the most positive contemporary training methods available.*

*To enhance the relationship, devotion and understanding that people share with their dogs.*

*To reduce the abuse, abandonment and needless euthanasia of dogs who could turn out to be*

***“The best friend you will ever have!”***

## About the Trainer

Jean L. Tomaselli-Dawkins, CPDT is the head trainer and director of Canine Liaisons Behavior and Training service. She brings to the table twenty plus years of practical experience working as an animal behavioral professional. Her experience includes a parallel career as a veterinary technician, wherein she provided behavioral consultation to clients in a clinical setting. Jean also spent some time training horses at equine breeding/training facilities in Germany. She regularly attends seminars and workshops on behavior, training and animal health issues. Jean is also certified with ABTA, a member of APDT and is an active mentor for ABC (Animal Behavioral College). As a trainer with a special interest in the aggression and anxiety problems of dogs Jean has developed intensive programs to help these pets. It is Jean's passion to enhance the quality of life that people share with their animals. She shares her own life with her husband, five dogs and one horse.

## Our Services

### Group Classes

Classes are held at our facilities, located in Bensalem, Langhorne and Morrisville, PA. We have small group classes allowing students to receive individual attention. Both you & your dog will be educated using *modern* positive training methods.

### Puppy Start Right Class

Classes are 1 hour & 15 minutes & run for 5 sessions. Age: 9 weeks to 4 months. Positive techniques are used, which allow a bond of trust to form between puppies & their families while instilling lasting basic cues such as sit, come, & down. Fun socialization games are played to facilitate a well-rounded, confident dog. The focus of the class is to prevent behavioral problems & provide solutions for all owners needs. Potty training, crate training, biting & jumping are a just a *few of the* topics covered.

*“Whether you need to stop problems at home or get your dog to behave in public, we have the right program for you!”*

### Beginner/Household Obedience Class

Classes are 1 hour & 30 minutes & run for 6 sessions. Age: 10 weeks & UP (no dog is too old). This course will benefit people who wish to learn verbal cues (i.e.f commands) with their dog & control undesired behaviors. Through positive reinforcement based training & operant conditioning, you will learn cues that you can use around the house or in public situations. You will also learn how to discourage jumping, as well as sit, down, stay, panic recall (come), leash manners, mouth control, & general behavior management are just a few of the topics covered.

### Intermediate Class

6 sessions, For those who have completed at least I of our Beginner/Household series of classes or another approved program.

### Relaxation Class

5 sessions, A specialty class for fearful, anxious and reactive dogs. Learn how to help your special needs dog.

Owners must bring proof of vaccinations (distemper & rabies) to the first class & be free of internal and external parasites.

### Personal In-Home Training

We offer day, evening & weekend hours. A certified, professional trainer will come to your home. The whole family is welcome to participate in the training or behavior program that we will customize for your dog. We also may encourage field trips to Pet Stores, Parks, etc. as part of your training program.

*Varying Packages/Prices Are Available*

*Clients who purchase a personal training package will receive a 50% discount on all puppy, beginner and intermediate level classes.*
